The 3rd Edition of the UNMANNED SYSTEM EXHIBITION and CONFERENCE (UMEX) 2018

Building on the success of UMEX 2016 the Middle East region is ready to welcome the 3rd edition of UMEX in 2018, with a broader scope which will reflect the growth and investment in unmanned systems technology in the UAE and GCC countries.

UMEX and the Simulation & Training Exhibition and Conference are ideally positioned to provide a professional platform for manufacturers to meet operators and establish lucrative business relationships while promoting the defence, environmental, civil and humanitarian benefits of unmanned systems.

UMEX 2016 AT A GLANCE

- **91** International Exhibitors
- **13,000** sqm Exhibition Area
- **23** Participating Countries

Live Flying Demonstrations

Unmanned Systems Conference

300 conference delegates

Over **5,000** visitors

Ali Al Yafei

Chief Executive Officer, ADASI

"We are looking from our partners to add benefits to the UAE in building capabilities and also their products should not only serve the local customers but it should be an international market."

Peter J Kunz Ph.D

Chief Engineer, Insitu Programs

"It's a chance to get face to face with customers from around the globe and a chance to highlight our technology; also the chance to exchange ideas and technologies with other players in the industry."

Rossella Daverio

Senior Vice President, Communications, Piaggio Aerospace.

"The unmanned systems field is one of the most promising of all of the aviation industry because it is expected to grow very much in the next decade."

Emad Arikat

International Golden Group

"The direction in UAE is to build capability, we work with our partners to build manufacturing capability and after sales support."

James 'Benson' Hedges

International Business Development, Country Director – Jordan, Iraq, UAE & Pakistan, Lockheed Martin

"In the region we have a large area devoted specifically to Unmanned Capabilities.... there's volume, there's presence, there's connectivity that we're looking for with customers."

David Dubois

Managing Director, TIG Defence and Security

"At UMEX, we've had a lot of other industry players that have come to our stand and had a look at what we're doing."
